DONCASTER COAL DRIVING AHEAD FOR THE FUTURE

Coal is BIG business in an around Doncaster. It provides hundreds and hundreds of jobs for local people.

It brings valuable extra trade to local shops and companies.

And with massive reserves as yet untapped, it's got future well into the 21st century!

NCB

That's why the NCB has invested millions upon millions into existing long-life collieries and the newly re-opened Thorne — tapping these rich reserves and offering more and more well-paid jobs to the right men.

Confidence in the future is confirmed by the Thorne project. Announced in March 1979, Thorne Colliery is to re-open, at a cost of £211 million, in the mid-1980s and will produce about 2 million tonnes of coal a year well beyond the year 2000.

This huge investment in Doncaster collieries means job security for mineworkers already employed and creates opportunities for experienced face and other underground workers, to return to mining and for young men who want to be trained for a career in COAL.

The Area recruits over 1,400 men a year and up to 600 school leavers, to maintain current output level, and this number is likely to be topped in the years to come.

BILLY BREMNER

These notes were compiled before the game against Wimbledon. It is impossible to talk about that particular game so let me start by telling you about the game at Scunthorpe.

We played very well in that game and in the first half our general play was the best I have seen since I joined the Club. We had the simple thing quickly we were moving off the ball with more purpose and thought and our only drawback was our lack of goals, to compliment our all round teamwork — that does not mean to say we did not create chances — we created as many chances in the first 45 minutes as we have in all the previous games which we have won but just did not accept them as we should have done.

The second half was a little of an anticlimax where we started to elaborate on the ball and stopped doing the simple thing. People, who in the first 45 minutes had played it very simply, started wanting two or three touches on the ball and in doing this, so held up our progress. As I have stated in previous notes, on our day there is no question in my mind that we are as good as anything in the League but the difficult thing is, not only at this Club, the lack of consistency.

We will endeavour to try and give you what we know you all desire — which is promotion — it is going to be a very, very, difficult task so therefore, once again, it is not that I am a pessimist — I am more of a realist than anything and realise the problems which we have in the team and our failings but there is very little we can do about it apart from going out and strengthening the squad.

I hope you enjoy a good game this evening. We welcome Ian McNeil and his Wigan team — Wigan beat us very convincingly over there and hopefully we will be able to turn the tables on them this evening.

PRESS BOX VIEW

by **MIKE SINCLAIR** (Doncaster Evening Post)

Talk of television has loomed large in soccer circles recently with the respective merits of BBC and ITV coverage being widely discussed.

By-passing the thorny question of whether soccer should be televised or not it is worth looking at the question which could well lead to a showdown between the TV companies and some of the bigger clubs in the game.

That is the issue of advertising on shirts, an area in which soccer seems to get an unfair deal in relation to other sports.

There are regulations about the size in which a sponsor's name can be emblazoned across a soccer club's strip — and it is quite modest — but the television people steadfastly refuse to allow clubs to wear 'advertisement' on their shirts when cameras are present.

And it seems soccer is being unfairly discriminated against.

Watch a host of other sports on TV and spot the 'plugs'. Virtually every televised race sees the name of the backer repeated time after time and there's no mistaking the equipment used by Test cricketers.

The same goes for tennis and even the backers of boxing get their mentions over the air. So why should it be different for soccer?

Ground advertisements figure in the background at every stadium in the country and the TV people have no objection to them so why draw the line at shirts.

I'm not suggesting the commentators should actually describe the sides as 'Rolls Royce Rovers' etc. — and the majority of fans would watch the players wearing the shirts rather than read the words on them — but it does seem that television is setting its own, rather unfair standards.

And the unfortunate thing for soccer is that these standards are taking much-needed finance out of the pockets of clubs.

Rovers will be especially anxious to beat *Wigan Athletic* in today's encounter following a disastrous visit to Springfield Park last month. In the event, *Rovers* were beaten by a super *Mike Quinn* hat-trick and an equally impressive *Wigan* team performance as they bounced back from one of their own worst defeats at *Rochdale* the preceding Saturday. Results away from home, indeed, have not come too easily to the *Latics* as they also suffered defeats at *Lincoln*, *Darlington* and *Mansfield* before their win over *Rovers*.

The goalkeeping selection will be made between *John Brown* — a *Bradford* born keeper with League experience at *Preston* and *Stockport* who won *Latics* 'Player of the Year' award last term after 36 consecutive appearances in the side — and *Bob Ward* who as also experienced the higher Divisions whilst with *West Bromwich Albion* and *Blackpool*. Ward, in fact, suffered from an early season injury but came back to play in the 2-1 win over *Bury* in September at *Springfield Park*.

Brian Kettle at full back is one of the newest additions to the side having joined the Club in September following just three opportunities of first team soccer at *Liverpool*. Others to have played at full back include *John Curtis*, *Dave Fretwell* and *Maurice Whittle*. *Wigan* born *Whittle* played in over 300 league games for *Oldham Athletic* before joining the Club and was a major influence in the successful cup winning run of last term which ended at *Everton* in the Fourth Round. *Dave Fretwell* is a *Yorkshireman* who knows these parts quite well having been on the books at *Bradford City* as a part time and full time professional. *John Curtis*, like team-mate *Ward*, is another former *Blackpool* player who tragically broke a leg after just a handful of games last year for *Wigan*. He began his career in his native town of *Blackpool*.

Following the departure of *Tommy Gore*, midfield places have gone to *George Urquart*, *Jeff Wright* and *Frank Corrigan* whilst the defence has been well marshalled by *Colin Methven* and *Neil Davids*. *Davids* is another *Yorkshireman* who began his career with *Leeds United* and enjoyed several run outs in the *England Youth Team*. He has also played at *Norwich*, *Northampton*, *Stockport* and *Swansea* before joining *Latics* prior to the first season in the Football League. *Colin Methven* joined the Club a year ago in a £30,000 move from *East Fife* and is now Captain of the Club. *Kirkaldy* born *Methven* has missed only one game since his move south of the border. *Jeff Wright* is one the *Latics* longest serving players and has been in the side consistently since their first season of league football. He also had spells with *Tow Law Town* and *Netherfield* before joining *Wigan* in 1974. *Frank Corrigan* is another to have experienced life at several non-league clubs including *Burton Albion*, *Bangor City* and *Northwich Vics*. Another Scotsman whom *Wigan* boss *Ian McNeill* recruited is *George Urquart* who used to be with his present boss at *Ross County* in *Scotland* before joining *Wigan* a year ago.

Goals came freely last term from *Peter Houghton*, *Tony Quinn* and *Joe Hinnigan* the latter of whom became the record sale since the Club joined the league in 1978 when he joined *Sunderland* for £135,000 in February. *Houghton*, *Tony Quinn* and *Mike Quinn* are all *Liverpudlians* who made an impression in the City before moving to *Wigan*. *Houghton* played in the *Liverpool* schools side which won the *English Schools trophy* a few years ago and has been a regular goalscorer in *Wigan* colours since their election to the League. *Tony Quinn* helped *Liverpool County FA* to an *English County* title win before scoring his first full League match for *Wigan* last year against *Rochdale* a year ago. *Mike Quinn* made just four League appearances last term but has already made a big impression this term — notably against *Rovers* against whom he scored three very well taken goals. Another newcomer to the side is *Glasgow* born *Bobby Hutchinson* who was formerly with *Dundee* and *Hibernian*.

spotlight on YOUTH

by **DAVE BENTLEY** (Youth Team Coach)

As I mentioned in the last programme I'll give you a brief run down on our last two away games. The first at Sunderland was probably the worst performance since I took the job last December, our commitment and attitude were absolutely shocking; consequently just an average Sunderland side beat us by five goals to nil.

No side can expect to win anything when eight or nine players are not doing the job they are responsible for and this happened. In the game we gave away four of the five goals on a plate to them, and consequently we collapsed and looked a very poor side, a dramatic drop in standards since our first four or five games.

Our game at Rotherham didn't go much better either, our commitment was far greater but certain players shirked responsibility of not accepting the ball again we gave away a sloppy first goal from a corner when our defence failed to clear the ball. The second goal was worked quite well, the centre forward coming off our central defender and flicking a neat header into the top corner. We then gave away a needless penalty. Within seconds of changing the side Steven Daniels scored from the edge of the box with a left foot shot — probably his first kick of the game. We then missed several chances in front of goal and in the last five minutes we conceded a fourth when Glenn Humphries made a sloppy back pass which was intercepted by a Rotherham forward who took the chance well.

The standards which the players set have not been equalled in the last two games and we have got to work very hard and not get too depressed with the way things have gone in the last two games. In the next programme I will report on another difficult away fixture at Middlesbrough.

Doncaster Rovers Night Out

We are in the process of organising a Doncaster Rovers Night Out at Romeo and Juliet's. We have engaged cabaret, which is a very attractive dance group call 'Sponooch' who take their name from the Germanic slang for 'look', took an ambitious step when they decided to leave Hot Gossip, the sensational dancing group made famous by much controversial publicity from Mary Whitehouse via the Kenny Everett Video Show. Says Carol 'We reached the stage where it became advantageous to expand our collective ideas and use different coreographers. We wanted to move forward into something else'.

There will also be dancing to suit all tastes by the resident DJ of Romeo and Juliet's. We are providing a basket meal of:

*Chicken in a Basket
with French Fried Potatoes
Garnished with Fresh Crisp Salad*

or

*Scampi in a Basket
with French Fried Potatoes
Garnished with Fresh Crisp Salad*

Tickets will be on sale from the Promotions Office priced at £2.50 each.

Agents Concessions

All existing lottery agents may purchase two tickets at £2.

So if you want an enjoyable evening with Doncaster Rovers at Romeo and Juliet's order your ticket early to avoid disappointment.

Supporters club news

As these notes were prepared for the printers prior to our game with Wimbledon, we are unable to bring you up to date with the voting for the Player of the Year, but an up to date 'League Table' is posted at our Office. We would remind supporters asked to vote tonight to please ensure that your voting card is handed in at our Office *immediately* after the match ends.

Assuming that our members cash draw was not claimed at last Saturday's match, tonight's prize is worth £4. Don't forget to claim within 20 minutes of the end of the match if your membership number is the lucky one announced at half-time. Some people enquire how this draw is made and quite simply we invite a supporter visiting our Office before the match to draw a membership number out of the drum. The same procedure is followed in the draw for the main stand tickets and tonight's lucky winner is Member No. 511 who is Mr T. Beeden, 20 Haldane Street, Gainsborough, Lincs.

We shall be running coaches to Stockport for the Rovers match there on Tuesday, 4th November leaving at 4.15 p.m. The fare will be £2.25 and also to Darlington on Tuesday, 11th November leaving at 4 p.m. and the fare will be £2.60. You can reserve your seat tonight but remember that travel is restricted to members of the Supporters Club only.

Steve Topliss and several other regular supporters on their way to the Rovers game at Aldershot, took the opportunity of calling in at Wembley Stadium on their way down and enjoyed a tour of the Stadium. They mentioned that the strips of most Football League Clubs are on display, but the Rovers strip is one of the few missing ones. We intend to rectify this.

Don't forget that production of your Supporters Club membership card will gain you entrance at half-price. Steve says that the visit to Wembley is well worthwhile. Incidentally our congratulations to Steve who celebrated his 21st birthday on Tuesday last. We surprised Steve by arranging for Mr Billy Bremner to present him with an autographed football before the kick-off in our game with Scunthorpe United. Our thanks also to Mrs Sheila Louth and fellow officials at Scunthorpe for their co-operation on this occasion.

On behalf of our Bircotes/Harworth Branch we would offer apologies for the non-appearance of their coach recently. This in no way was the responsibility of the officials of that Branch. Unfortunately, the order for the coach and also the cash in payment went astray in the post. The matter has been taken up very strongly with the Post Office and in future the coach bookings will be made personally by an Official of the Club.

ROVERS JOTTINGS

YOUTH CUP

Rovers youth side play their outstanding Youth Cup match at Grimsby Town tomorrow night (5th November) with a 7.30 p.m. kick off. If there is a replay necessary it will take place here at Belle Vue on Thursday, 6th November, kick off 7.30 p.m. Let's hope that the Rovers forward line produce some fireworks in tomorrow's match.

Match Weekly's "Matchman of the Month" awards produced some interesting results for September as three Rovers players finished in the top six averages. Alan Little (with an average of 8 out of 10), Alan Warboys (7.8) and Ian Nimmo (7.66) were the players concerned whilst Steve Phillips (Northampton), Glen Johnson (Aldershot) and Trevor Quow (Peterborough) also finished in the high ratings.
